FSN2023 - Early Scrutineering Guidelines

The TT Circuit is an international venue with plenty of activity throughout the season. As FSN is hosted in the middle of high season, we share the venue with other series and promoters. Like in 2022, we are allowed to start early with the Technical Inspection before the pit garages are available. This causes for some detailed planning, so please read the instructions below carefully.

The technical inspection area is located within the paddock and will be open for limited activity on Saturday July 8th and Sunday July 9th. Selected teams may attempt technical inspection with a limited set of team members as space is limited on these days. Please note that the pit garages will only open on Sunday at 19:30.

STEP 1: Check if your team is selected for early scrutineering on Saturday July 8th or Sunday July 9th

Check the Technical Inspection Timeslots document on the competition website to see if your team is eligible for early scrutineering. Please note that you have the option to decline the chance of early scrutineering.

| ACCESS to Early Scrutineering | CV Class | EV Class |
|--|-----------------|---|
| Saturday July 8 th 12:30 – 19:00 | - | E03;E13;E20;E22;E23;E26;E40;E58;E59;E77;E79;E85 |
| Sunday July 9 th 08:30 – 12:30 | 125;373;270;233 | E10;E12;E15;E27;E29;E31;E33;E35;E48;E51;E53;E61 Teams in BOLD must leave area after timeslot |
| Sunday July 9 th 12:30 – 19:00 | 151;184;189;55 | E03;E12;E13;E15;E20;E22;E23;E26;E31;E33;E35;E40;E58;E59;E61;E77;E79;E85 |

STEP 2: Prepare to enter the paddock

You are allowed to bring;

- 1 Car/Truck + 1 Trailer
- 1 Car/Truck Driver
- 4 Team Members wearing dynamic vests
- Any tools – **but the use of angle grinders in the paddock or technical inspection area is not allowed**

STEP 3: Drive to the technical inspection area

Move your truck and or trailer from the secure parking lot to the technical inspection area within the designated time slot. Please limit vehicle movements to an absolute minimum to ensure safety of general spectators in the paddock on Saturday and Sunday. Drive slowly and carefully on the premises.

EV Class Only: Even after inspection, all accumulators must be returned to the secure parking lot in a trailer or truck until the pit garages open. No accumulators on the campsite.
