

Formula Student Netherlands 2025 - Technical Inspection Order (TIO) V2.0
NOTES:

This Schedule is subject to change!

'Early' Scrutineering takes place on Saturday July 12th and Sunday July 13th. Please note that pit garages will not be available during these times. Teams will be allocated a place in the paddock near the inspection area. Teams are advised to bring a small tent. A team may forfeit their early scrutineering slot if not comfortable with the given circumstances. Teams that forfeit their early slot will be scheduled on Monday after pit garages have opened. Please contact the organization.

Accu and Electrical Inspections take place in the same area. Mechanical Inspection takes place in a different dedicated area. Bay 1 in Mechanical Inspection is therefore in a different location than Bay 1 in Accumulator Inspection.

Teams will receive 8 dynamic vests per team. Simultaneous A&M inspections are possible.

Each team is assigned two M-inspection slots (1:45h and 0:45h). Further (re-)inspections slots for A, E and M can be planned with the scrutineers on site
